## 3. Impact of Reorganization of Listed subsidiaries

On October 30, 2025, the Company announced the tender offer for shares of Sumitomo Riko Company Ltd. ("Sumitomo Riko") and the transfer of shares of Sumitomo Densetsu Co., Ltd. ("Sumitomo Densetsu") held by the Company. However, the details regarding the impact of these transactions on the Company's consolidated financial results are still under review. Therefore, they have not been factored into the full-year consolidated financial forecasts announced today, which is based on the current capital relationship.

Following the successful completion of the transfer of Sumitomo Densetsu shares held by the Company, the Company expects to record approximately 70 billion yen as extraordinary income in the consolidated financial statements. However, the proceeds from this transfer are intended to be used to fund the tender offer for Sumitomo Riko shares. Therefore, regarding dividends after recording the aforementioned extraordinary income, the Company plans to pay dividends based on profits generated from normal business activities, excluding this extraordinary income.
